

# IT Futurz - Social Media Content Plan

## Step 1: Services-Related Posts (Top Priority)

### Post 1: Web & Mobile App Development

Showcase how businesses can benefit from professional web and mobile app development.

- Fast performance, modern UI/UX, scalability, and business growth.
- CTA: 'Let's build something amazing - Contact us today!'

### Post 2: UI/UX Design, Project Management & Business Consultancy

Focus on Figma-based UI/UX design, project execution strategies, and business consulting solutions.

- Enhanced user experience, smooth workflows, strategic guidance, and efficient execution.
- CTA: 'Design. Develop. Deliver. Let's bring your ideas to life!'

### Additional Services to Cover in Future Posts

- Product Building & Strategy
- Server Management

## Step 2: IT Futurz Product Highlights (After Services Posts)

Google Review Standee Card

NFC Card

AI Business Card / Scanner App

WhatsApp Official Software

Digital Business Card App

Blue Tick Verification Service

LinkedIn Premium for Business

Immersify

AR/VR Card App

### Note:

Sir, please create the service-related posts first. I will soon provide you with product information and images after collecting them from the concerned person. Also, we need two design variations for

each post.
